

Vail Academy and High School

Acceptable Use Policy Student/Parent Contract 2011-2012

Technology at VAHS is a privilege and is the property of the school.

- I will treat the computers, iPads, SmartBoards and other technology with respect.
- If I cause damage to the technology, I may be held responsible to have it repaired.
- I will only use the technology for school work as directed by my teacher.

The Internet can be a valuable source of information if used correctly.

- I will only go onto the Internet with the approval of my teacher.
- I will only visit sites approved by my teacher while using the school's computers.
- I will back out and tell my teacher right away if I come across anything that is inappropriate.

It is up to the school to decide how the computers are set up and what software is on them.

- I will not change any of the settings on the computers including screen savers, wallpaper, etc.
- I will not install any software, music, pictures, etc. without permission from the teacher.

Technology can be used to communicate with others.

- I will use kind words and appropriate language when communicating with others on the computer.
- I will not publish any personal information about myself on the Internet or through email.
- I will let a teacher or parent know if someone I do not know tries to communicate with me.

It is important to follow the directions of the teacher when using the school's technology.

- I will only use the computer or iPad that is assigned to me.
- I will use my own login and password.
- I will only use the programs, software, applications, and websites that my teacher directs me to.
- If I do not follow the teacher's directions, I may lose my technology privileges and face disciplinary consequences.

I have talked about these rules with my parents and by signing below I agree to follow them.
